EMPOWERING EXCELLENCE/
EMPLOYING THE LIBERAL ARTS
The School of Arts, Science & Business (SASB) at Chatham University is home to many undergraduate degrees and several thriving graduate programs. We are known for small, dynamic classes, one-on-one advising by expert faculty, flexibility, and a hands-on, open-door approach, because students come first at SASB.

SASB is proud to house over 40 undergraduate majors, including arts management, interior architecture, management information systems, and biochemistry, and 14 graduate degrees, such as green chemistry, creative writing, film & digital technology, and business.

Integrated Degree Programs (IDP)
A limited number of seats have been reserved for undergraduate students interested in guaranteed admission to graduate studies through the Integrated Degree Programs at Chatham. These include:
- Master of Science in Biology
- Master of Science in Green Chemistry
- Master of Accounting
- Master of Business Administration
- Master of Professional Writing
- Master of Arts in Teaching
- Master of Fine Arts in Creative Writing
- Master of Fine Arts in Film & Digital Technology
- Master of Arts in Interdisciplinary Design

The Chatham Plan
The Chatham Plan offers a distinguishing educational profile for all undergraduate students, providing them world and work readiness through four credits of Job Skills & Career Preparation delivered collaboratively by a world-class faculty and talented staff, culminating in a 3-credit Internship or Experiential Learning practicum.

Chatham Abroad
Students are strongly encouraged to participate in international travel with faculty. Students earn college credits during these trips while they focus on a specific topic within an academic discipline. Past and upcoming trips include South Africa, Belgium, Iceland, Taiwan, and Italy.

SASB Highlights
The Words Without Walls program, in which MFA in Creative Writing students go into the Allegheny County Jail to teach inmates creative writing, is only one of several outreach programs developed and run by Chatham students that offers transformative experiences for both students and underserved populations.

STEAM
Across the nation, schools are only now beginning to realize what Chatham has always known: infusing education in arts and humanities into science, technology, engineering, arts, and math majors produces graduates who are articulate, creatively nimble, and better poised to succeed in a constantly-evolving world.
### SCHOOL OF ARTS, SCIENCE & BUSINESS PROGRAMS

#### Undergraduate Majors
- Arts Management BA: Dance, Media Arts, Music, or Visual Arts
- Biochemistry, BA or BS
- Biology, BA or BS: in Cell and Molecular, Environmental Science, or Human Biology
- Business Administration, BA (online)
- Chemistry, BA or BS
- Communication: Graphic Design, Human Communication, Journalism, or Public Relations
- Creative Writing, BFA
- Criminology, BA
- Cultural Studies, BA
- Early Elementary Education, BA
- English, BA
- Exercise Science, BS
- History, BA
- Interior Architecture, BIA (3 or 4 year)
- International Studies, BA: Africa, Asia, Europe, Latin America, or Middle East
- Mathematics, BA or BS
- Media Arts: Film & Digital Technology BFA, Graphic Design BA, or Photography BA
- Music, BA
- Nursing, RN-to-BSN
- Pathways to Nursing
- Physics, BA or BS
- Policy Studies, BA
- Political Science, BA
- Psychology, BA
- Psychology (online)
- Secondary Education; Art, Biology, Chemistry, English, History, Math, Physics
- Social Services Administration, BA
- Social Work, BSW
- Visual Arts, BA: Art History or Studio Arts
- Visual Arts Education, BA
- Women’s & Gender Studies, BA

#### Graduate Degrees
- Master of Accounting
- Master of Business Administration
- Master of Science in Biology
- Master of Science in Green Chemistry
- Master of Interior Architecture
- Master of Arts in Interdisciplinary Design
- Master of Fine Arts in Interdisciplinary Design
- Master of Fine Arts in Film & Digital Technology
- Master of Fine Arts in Creative Writing
- Master of Communication
- Master of Professional Writing
- Master of Arts in Teaching
- Master of Education in Special Education

### OUTCOMES
SASB graduates have held professional roles in organizations from theatre companies to Oracle, and have gone on to further their education in the following programs and schools:
- Heinz School of Public Policy at Carnegie Mellon University
- Geoscience at Princeton University
- Biology at the University of Colorado, Boulder
- Lake Erie College of Medicine
- New England College of Law and Ohio Northern University
- English at University of Nebraska
- Creative writing at University of Cincinnati
- Bioinorganic Chemistry at the University of Washington

### ACCREDITATION
- Social Work: Council on Social Work Education
- Education: PA Department of Education
- Business: IACBE International Assembly for Collegiate Business Education
