• Redesigned for today’s marketplace – focus on skills identified by current business leaders
• Critical skills such as negotiation, persuasion, creative and innovative thinking, effective business communication, and team dynamics, as well as the basic business courses of finance, accounting, marketing, etc., are emphasized to increase graduate success
• Students choose one of three available tracks: Strategy & Entrepreneurship, Healthcare Management, and Executive Leadership for Women
• Multi-Discipline Strategic Management (MSM) capstone course provides opportunity for students to work in teams with local business leaders to solve real-world business problems
• MSM is flexible to allow students to place emphasis on the skills or sector they most want to develop
• Cutting-edge courses in areas such as sustainability and business, risk management, quality management, pharmacoeconomics and reimbursement
• Small classes provide opportunities for networking, face-to-face time with professors, and participation in and leadership of class discussions
• 37 credit program for students with previous business training and/or experience; four additional essential business courses (8 credits) offered online specifically designed for those with no previous formal business training
• Can be completed in 4-5 terms as a full-time student, six terms as a part-time student
• Full-time or part-time enrollment with rolling admissions each term
• Center for Women’s Entrepreneurship at Chatham University and the MBA program partner to help advance the region’s established and start-up women-owned businesses
• Evening classes offered in an accelerated seven-week format maximizing flexibility
