The PACE Center Can Help You!

The PACE Center offers academic support for ALL Chatham students.
Our services include:

⇒ **Academic Support**: Whether you’re feeling overwhelmed about a certain class or are having trouble managing your time, our staff can help you create, and stick to, an academic plan.

⇒ **Writing Center**: We have a writing specialist on staff, as well as three graduate writing mentors who are available to meet with you to help you with writing. Whether you need help starting a paper, proof reading a final draft, or interpreting your instructor’s feedback, we can help.

⇒ **Tutoring & Supplemental Instruction**: When you are having trouble understanding course material or completing homework, our tutoring and supplemental instruction services are here for you. SI is available for traditionally challenging courses and can be requested by faculty. Tutoring is available for many courses and can be requested (though not guaranteed) for any course.

⇒ **Disability Services**: We can help you receive the necessary accommodations to ensure your access to Chatham’s educational programs and services. Accommodations can include: note taker services, distraction-limited testing environments, accessible classrooms, alternate formats for course materials, and more.

There are many ways to connect with PACE:

- **Schedule Appointment**: Click the icon to schedule any of our services, or visit: http://chatham.mywconline.com

- **Facebook**: Click the icon or visit: http://www.facebook.com/chathamPACE

- **Twitter**: Click the icon or search: http://twitter.com/PACEchatham
