My BOARD

What is MyBoard?

MyBoard pairs women business owners looking to grow their businesses with a board of four mentors who will provide expertise on a wide range of business skills, including technology, operations, product development, planning, marketing, finance and legal. Similar to a corporate board of directors, MyBoard mentors are carefully selected and matched with businesses to provide targeted expertise from a variety of disciplines.

A participating business owner will meet with her MyBoard five times throughout the year, using a flexible combination of in-person and virtual meetings. MyBoard mentees and mentors will also receive a one-year membership to the Center for Women's Entrepreneurship, providing even more networking and business education opportunities.

What can MyBoard do to advance your business?

Use your MyBoard to tackle problems, develop growth strategies, test new ideas, challenge your assumptions, and learn from experience. Your MyBoard mentors want to help you grow your business to the million-dollar revenue level and beyond.

MyBoard works with you to build capacity, gain confidence, and access capital, giving you the tools you need to take your businesses to the next level.
