

chatham UNIVERSITY

2020 New Graduate Student Virtual Welcome

ChathamU Welcome & Graduate Student Overview

Chatham senior administrators will welcome you to the many great experiences that await you at Chatham. You will also hear from staff members about engagement opportunities, student support resources, and community member expectations for the fall term.

Welcome Toast from the Chatham Alumni Association

Cheers to you! You made it and are starting graduate school. The Chatham Alumni Association will welcome you with a brief toast after you enjoy a live mixologist lesson where you will be able to mix your happy hour cocktail or mocktail from the comfort of your home (ingredient lists will be sent with registration information).

Graduate Student Happy Hours

We want to help you meet your fellow new students and connect with faculty and staff. During registration, you will sign up for a happy hour with an affinity or interest group. This will help you meet new people while enjoying your freshly made cocktail or mocktail.

PROGRAM ORIENTATION

Individual program departments will contact students about program-specific orientation. Program orientations may be on the same or a different day.

STUDENT ID'S - SUBMIT INFO BY JULY 24th!!

Your Student ID will help you gain access to places around campus, including the fitness center and computer labs, and it also includes a bus pass for the Pittsburgh Port Authority (this takes up to 5 business days from the printing of your ID to become active).

This year, all students must use the online submission process for their student ID. This will ensure your ID is ready for pick-up before you start classes. Upon completion of your Student ID form, the Office of Student Affairs will provide information on how you can pick up your ID, including pick up times before and after classes start.

Please visit the [Student ID Website](#) and submit your ID information by July 24, 2020 for processing.

Questions? Contact the Office of Student Affairs at osa@chatham.edu.
